

Help Shape How Stratham Communicates: Sign-up for Our Community Feedback Session Today!

As Stratham continues to grow, clear and effective communication with the community we serve is more important than ever. Therefore, we are hosting community feedback sessions to help improve how local government communicates with residents about town business, decisions, news, and services. We are looking for residents to participate in a **60-minute community feedback session** to share your experiences and help us bridge communication gaps.

Why Your Voice Matters

This initiative focuses on gathering direct feedback to update the town's communication strategies. Attendees will have the platform to voice:

- How effective are our current channels (e.g., the website, newsletters or social media).
- What communication gaps exist regarding public notices and town updates.
- Preferred future methods for staying informed about local initiatives, emergency alerts, and community news.

Session Details

Both sessions will take place in the Hutton Room, at the Stratham Municipal Center, located at 10 Bunker Hill Avenue:

- **Saturday, June 20 at 10:00 AM**
- **Monday, June 22 at 6:30 PM**

Reserve Your Space Today!

Seating will be limited, so that we can ensure your voice is heard. You can reserve your seat now by clicking this link. [Help Shape How the Town of Stratham Communicates](#)
