- I. Call to Order: 7:04 PM
- II. Roll Call: Kate Dardinski, Greg Blood, Bob Keating, Edie Barker, John Singleton, Seth Hickey, Trish Weideman
- III. Consideration of minutes from previous meetings: Deferred.
- IV. Community Resource Officer Update: Mr. Ryan Gurette (CRO) shared concerns about use of e-bikes on Pump Track with biggest concern of broad range of age groups. Enforcement between class 1 & 2 would be difficult due to challenges in discerning between the bikes, whereas class 3 bikes are easier to differentiate from classes 1 and 2. Mr Gurette provided an update on dog behaviors on private property; generally people are complying with use of leashes (small sample). Clarity is needed to identify use of fields near Jack Rabbit parking lot because dogs are off-leash even though the town ordinance requires use of leashes in these fields. Leash-free is allowed only on trails that are on town property. New signage showing private vs. public properties has improved clarity for users in the park. CRO stated that 70-80% of users are doing “the right thing”; attempting to keep a better log of incidents, including safety issues, unruly dogs, etc.
- V. E-bike [policy](#) discussion: Seth Hickey provided an overview of types and uses of E-bikes in general. Mr. Hickey drafted an initial attempt for an E-bike Use Policy that includes purpose, definition of E-bikes, Policy Statement for Permitted Use, Trail Etiquette & Safety, Environmental Protection, Compliance with Laws, Enforcement, Review & Updates. The policy may serve as a framework for a town ordinance adopted by the Select Board. The Community Resource Officer offered his observations of behaviors of e-bikers at Stratham Hill Park. Suggestion from public attendee that the policies and

ordinances are consistent with current statewide regulations. Park Commission members added to discussion regarding possible solutions, e.g. use of permits for e-bike users, such as those used by NH Fish & Game. Consultation with land owners will be pursued regarding use of e-bikes on trails within private properties. Revision of draft e-bike policy will be based on comments from public and committee attendees.

- VI. Signage update: New signage installed on 4x4 posts mostly on town property. Additional posts are required. Signage for trails on private property is the next step. Construction for 3 new kiosks will be done in spring (Point of Rocks, Scammen Road, power line on Gifford Farm).
- VII. Update on trail projects: Rebuilt sections off Rivendell; more work required and expected to be completed in late fall. Propose improvement of area under power lines near school-current infrastructure is compromised.
- VIII. Dog policy discussion: See above notes. TMAC needs to revise proposed ordinance language, seek legal review, and submit to the Select Board for review and possible adoption of revised policy. TMAC only makes a recommendation.
- IX. Other items: An invitation to DPW laborer who helps with trail maintenance will be sent. Next meeting: Wednesday, November 12, 6:00 PM.
- X. Adjournment: 8:25 PM.
