Department of Public Works

70 Bunker Hill Avenue • Stratham, NH 03885 • 603-772-5550

ADDENDUM NO. 1

RFP #08-26-01

Residential Municipal Solid Waste and Single-Stream Recycling Collection Services

Issued: September 22, 2026

This Addendum No. 1 is issued to provide the following additional requirements and clarification to RFP #08-26-01.

1. PERFORMANCE BOND

Each Proposer shall provide a quote for a performance bond in an amount equal to One Hundred and Ten Percent (110%) of the Contract Price for the first twelve (12) calendar months of the Contract, and for each subsequent twelve (12) month period of the Contract. The Director of Public Works must be notified at least thirty (30) calendar days in advance of any cancellation, non-renewal, or change in the performance bond. The cost of the performance bond shall be clearly identified in the Proposer's Cost Proposal.

2. CONDOMINIUM COLLECTION SERVICES

Two privately managed condominium associations within the Town are currently serviced through weekly manual collection of municipal solid waste and single-stream recycling. Due to space and storage limitations, these properties cannot accommodate the large carts required for automated collection.

Proposers shall provide pricing to continue weekly manual collection at the following locations:

Association	Street	Approximate Units
Salt River Condo Association	Brookside Drive	78
Glengarry Condo Association	Glengarry Drive	114

Proposers may also provide an alternative collection method, such as centralized bulk containers, for the Town's consideration, provided the proposed method maintains weekly collection service.

Proposers may propose manual collection, centralized bulk containers, or another suitable collection method capable of providing equivalent service to these properties. Please provide the following pricing:

Association	Annual Manual Collection Cost	MSW Disposal Cost/Ton	Recycling Disposal Cost/Ton
Salt River Condo Association			
Glengarry Condo Association			

All other terms, conditions, specifications, and requirements of RFP #08-26-01 remain unchanged.

Proposers shall acknowledge receipt of this Addendum in their proposal.
