By Signing Above, I Hereby Certify that I am the owner of record of the named property, or that the proposed work is by the owner of record and that I have been authorized by the owner to make this application as his authorized agent and agree to conform to all applicable laws of this jurisdiction. In addition, if a permit for work described in this application is issued, I certify that the code official or the code authorized representative shall have the authority to enter areas covered by such permit at reasonable hour to enforce the provisions of the code(s) applicable to such permit. I certify that the information given is true and correct to the best of my knowledge. No changes from the above information will be made without approval of the building inspector. Activities shall not commence until the permit is issued. I acknowledge that all demolition will be done in accordance with local town and state ordinances and that compliance is the sole responsibility of the applicant. This application is made with the full knowledge of the current requirements of the regulations governing such installation, including Hazard Mitigation, AND ALL OTHER APPLICABLE REGULATIONS.

**** Notice:** Your permit will not be approved immediately if your project falls under the review below:

16.5 HISTORIC DEMOLITION REVIEW

The Demolition Review Committee will, within five (5) business days of its receipt of a copy of the application, review the demolition application and issue a preliminary recommendation regarding the granting of a demolition permit. If the committee issues a recommendation in favor of the granting of such a permit, a demolition permit shall be issued. If the committee determines the building to be potentially significant, no permit shall be issued until a more thorough investigation is undertaken and a final written recommendation is provided by the committee to the Code Enforcement Officer. Investigation and recommendation shall be completed within sixty (60) calendar days of the committee's receipt of a copy of the application.

****PRIOR TO ISSUANCE OF A DEMOLITION PERMIT, COMPLIANCE WITH ENV-A 1803.01 AND ENV-A 1805.02 MUST BE MET AND INITIALED BELOW****

Pre-Demolition/Renovation Inspection. Env-A 1803.01 requires the owner/operator to provide for an inspection by an asbestos inspector of the affected portions of a facility for the presence of asbestos-containing material, prior to undertaking any demolition or renovation as defined in Env-A 1800. The following link will open the list of NH Certified Asbestos Inspectors:
