Completed a drive by of the residence as Eric Ritchie had
been there earlier to secure some of his property. As I
drove by the residence I noted the front door was left wide
open. After requesting a second unit the residence was
checked and there appeared to be no one home. The front door
was pulled tight. Barbara Lawles was notified and stated she

anonymous caller reports a bright light at end of a
residents driveway that is blinding as you drive by

The light is pointed downward towards. Same type of
anonymous call as before which is most likely the from the
Forest since they have an ongoing civil dispute with the
Atlees. Several cars have drove by while I sat blacked out
for almost a half hour and no one called to complain about
the light.
