

Lights 4 Lives (L4L) is back for its 8th year helping a family or charity in need in Stratham, NH! We are very excited to be partnering with Gabriel Chambers and his family for 2021. Gabriel is a loving and happy 9-year-old boy who attends Stratham Memorial School. He was born with [Angelman Syndrome \(AS\)](#), a very rare neuro-genetic disorder that occurs in approximately one in 15,000 births globally. Individuals with AS face significant challenges including motor difficulties, cognitive impairment, seizures and an almost complete loss of functional speech.

L4L hopes to raise funds for research as well as awareness of Angelman Syndrome through online donations and raffles. Raffle items include 4 round trip airline tickets (\$1,800 value), a horticulture gift card tree (approximate value \$1,200), a restaurant gift card tree (approximate value \$800), and a Lowes full size tool chest! Visit our website strathamlights4lives.org to buy raffle tickets or simply to donate. Raffle winners will be drawn and announced live on Facebook on December 18.

We will again be holding a holiday parade on the evening of December 18. L4L and Stratham Volunteer Fire Department vehicles, with special guest Santa Claus, will drive around town spreading cheer, lights, and noise! View [the parade route here](#). *Due to COVID restrictions on large gatherings, we will not be holding an open house or lighting contest this year, but very much hope to return to that in 2022!*
