MEMORANDUM

- TO: Michael Houghton, Select Board Chair Allison Knab, Select Board Vice Chair Joe Anderson, Select Board
- FROM: David Moore, Town Administrator

DATE: March 15, 2024

RE: Select Board Agenda and Materials for the March 18th Regular Meeting

Please allow this memorandum to serve as a guide to the Select Board Meeting agenda for Monday, March 18, 2024.

III. Consideration of Minutes 3/4/24 and 3/11/24

Please see draft minutes from March 4th.

- IV. Financial Report (second meeting of the month)
- V. Department Reports & Presentations A. Public Works – Tim Stevens, Director
- VI. Correspondence
 - A. 3/11/24 Stratham Historical Society Letter Request Support for Capital Improvements
 - B. 3/14/24 E-mail from Drew Goddard regarding in-kind donation of batting cages and snack shack improvements at Stratham Hill Park
- VII. Public Comment

VIII. Public Hearings, Ordinances and/or Resolutions

A. Public Hearing on proposal to name the home dug out at Stevens Park after long-time baseball coach and mentor John Hopping

- IX. Discussion of Monthly Reports (second meeting of the Month)
- X. New Business and Action Items

A. Town Meeting RecapB. Actions on Correspondence Items

XI. Town Administrator Report

I will present developments associated with open items and other business of the Town. If any Board member has a specific request of an item I cover at the meeting, I welcome hearing from you at any time.

- A. Underwood PFAS Long Term Alternatives Kick-off April 16th
- XII. Informational Items
 - A. Finance & Revenue NHMA Policy Committee
 - B. Housing Article NH Bulletin: Housing Solutions, Local Control Remains a Barrier
 - C. Lamprey Cooperative 2023 Progress Report and 2024 Proposed Budget
 - D. Emergency Planning Preparations and April 3rd Drill
 - E. Block 5 Phone Update
 - F. TMAC Charge Reauthorization
- XIII. Reservations, Event Requests & Permits
 A. Port City Amateur Radio Club requesting use of top of the hill at SHP 6/21 6/23
- XIV. Review of Recent or Upcoming Board & Commissions Agendas
- XV. Boards and Commissions Nominations & Appointments
 - A. Appointments *for consideration*: None
 - B. Appointments to be voted on:
- XVI. Miscellaneous & Old Business
- XVII. Adjournment

- XVII. Adjournment

MINUTES OF THE MARCH 4, 2024 SELECT BOARD MEETING

MEMBERS PRESENT: Board Members Chair Mike Houghton, Vice Chair Allison Knab; Joe Anderson

ALSO PRESENT: Town Administrator David Moore, Finance Administrator Christiane McAllister, Town Clerk/Tax Collector Deborah Bakie, Town Moderator Dave Emanuel, Parks & Recreation Director Seth Hickey

At 6:36 pm Mr. Houghton motioned to open the Select Board meeting and go into a non-public session. Mr. Anderson seconded the motion. Roll call: Houghton-yes; Knab-yes; Anderson-yes.

The public session reconvened at 7:05 p.m.

At 7:05 p.m. Mr. Anderson moved to seal the minutes finding that failure to do so would render a proposed action ineffective; Ms Knab seconded the motion. All voted in favor.

Mr. Houghton began the meeting by recognizing Mr. Moore for the coordination discussion with the Town Moderator and Town Clerk for the Town Meeting preparations. Mr. Moore began by stating that Tuesday, March 12th is Election Day; Saturday, March 16th is Town Meeting at 9:00 am. Voter information night is Thursday, March 7th.

Mr. Moore reviewed the draft Town Meeting agenda. They talked about which Select Board member will motion, second and speak to each article. The citizen's petition was briefly discussed. Because there is no financial impact, the board is not obligated to take a position. Each member of the Board noted their own position, which is not to not support the article as written. Mr. Emanuel felt certain that the Town Elections were a separate entity from the Stratham School District and the Cooperative School. The Town has no jurisdiction over the schools. Mr. Moore will look into the matter.

The group discussed the possibility that a request to reorder the agenda could happen.

Mr. Emanuel stated that he will be traveling but expects to be back the evening of Monday, March 11. Deputy Moderator Beth Dupell is aware in case he is delayed.

Ms. Knab stated that she may be unable to attend the Voter Information Night on Thursday.

The Board thanked Mr. Emanuel and Ms. Bakie for coming in.

Mr. Houghton recognized Seth Hickey for his department report. Mr. Hickey reported on his outreach efforts to increase the attendance of the Parks & Rec programs. Conversation moved to the website. It was felt that it wasn't user friendly. Mr. Hickey has been talking to Library Director Kerry Cronin because she has expressed interest in updating it. Mr. Anderson noted that all departments should be involved in the discussion.

Mr. Hickey noted good communication with the new DPW Director Tim Stevens. A large section of fence around the courts had come down during the storm. Mr. Stevens will work on repairing it and the insurance company has been on site.

Mr. Hickey reviewed his memos. He is working with other committees about addressing the invasive species at the park. With Stroll magazine coming to an end, Mr. Hickey emphasized the need for a communication strategy. Conversation turned to the need for an update to our website but to also identify other means of communication. He will continue to move this forward. New gaga pits are proposed by Rec Commission at the park, with the funds to come from the Recreation Revolving fund. Discussion about placement of the pits ensued. Mr. Hickey will discuss with Mr. Stevens and return to the Board with additional details. Preparations for the Food truck festival have been ongoing for some time. The group talked about keeping the size of the event the same but making enhancements.

Earlier today Mr. Hickey met with UNH students to try to recruit an intern for the summer to assist with communication and social media, and special projects, like Thursday Nights in the Park and Summerfest.

Mr. Hickey introduced a new spreadsheet that will be a regular part of his dashboard report. It lists Parks & Rec projects, including other departments or committees that are involved and funding sources.

Finally, Mr. Hickey gave an update on the Trail Management Advisory Committee. All members are interested in being re-appointed for another term. They plan to focus on user conflicts and policies related to animal control at Stratham Hill Park. Ms. Knab asked about the Committee's charge and how it relates to the trail management and animal control. The group generally discussed the charge and the Board expressed an interest in seeing an updated charge prior to adopting. Mr. Hickey will follow-up.

Mr. Houghton raised the issue of signage at the park. Mr. Moore reminded the Board that is has asked that no permanent signage will be moving forward at the park without coming before the Board first. Some collaborations have been made with private property owners and adjustments to existing signage are made on occasion. TMAC will develop guidance and come back to the Board. Mr. Houghton feels the appropriate constituencies are engaged. Alignment of the various groups and uniformity of the signs are important. Informational signs are needed. They continued to discuss the vision for signage at the park.

When asked about the new Parks & Recreation van, Mr. Hickey reported on several trips that they've used it for already.

Following, the department presentation, Mr. Houghton moved to the minutes. Ms. Knab was absent from that meeting and therefore abstained. Mr. Anderson motioned approval of the minutes of February 20, 2024. Mr. Houghton seconded the motion. Motion passed.

Mr. Anderson motioned to accept the resignation of Nico Garcia from the Alternate position on the Zoning Board of Adjustment. Ms. Knab seconded the motion. All voted in favor.

NEW BUSINESS

Mr. Houghton moved to cemetery burial fees. Mr. Moore explained that he received a request from the Cemetery Trustees to adjust the fee as described in the memo. Ms. Knab motioned to change the fee for a full burial from \$750 to \$900. Mr. Anderson seconded the motion. All voted in favor.

Mr. Houghton asked for comments on the auditor's report. Ms. McAllister brought some excerpts for them to review. The adverse opinion we received is not unusual among NH municipalities as it relates to post-employment obligations, which the town is not responsible for financially. It is not viewed by the auditors as negative. The remedy is costly and time-consuming.

Ms. McAllister went into detail reviewing her handouts, describing the relationship between the auditor's preparation of the 535 and the DRA's preparation of the tax rate setting and the auditor's statement of the fund balance. We are where we should be. The Board thanked her for all her work noting that the work done by her office made this year's audit manageable and much smoother than in the past.

She asked if we were doing a RFP for auditors, as the Board had suggested at a previous meeting. She recommended, if we go with Vachon Cluckey again this year, we request a set fee price. It was felt there wasn't enough time to do an RFP for this year; perhaps one will be done after the audit.

Mr. Moore reported that Ms. McAllister sent a summary of the DRA and Assessing meeting she attended last week. Mr. Moore commented on DRA's observation of our calculation of ratio of assessment to evaluation at 65% is an average. Properties that were valued under that will go up dramatically. The Assessors are putting together a list of the most vulnerable parcels. Outreach will be targeted to parcels that will likely see a change in value. Initial assessing website content is moving forward. Additional outreach will also be done. They've heard evidence that the content about the re-val that has been in the Select Board Newsletter has been making an impact on the residents.

Mr. Houghton returned to Town Meeting preparations. The Board discussed their availability to attend the election.

ADMINISTRATION

Mr. Moore reported that the Trustees of the Trust Fund are following up on Town Counsel's advice regarding the Conservation Fund custody issue. The result will be that a Conservation Fund will be transferred in order to comply with the State law.

Mr. Moore informed them that the Auxiliary is creating a blood drive expressly for anyone affiliated with the town, for example town employees, fire department members, elected officials, etc. The goal is to have at least 30 people donate.

Mr. Moore brought to the Board's attention political advertising that had been posted on town property. The group discussed what they felt was appropriate and not appropriate to be displayed. It was decided that voters seeking to obtain information should go to Voter Information Night on Thursday and the Board expressly prohibited hosting political advertising materials from being hosted in the Town Offices.

APPOINTMENTS

Mr. Houghton moves to re-appoint Drew Bedard to an Alternate position on the Heritage Commission for a three year term ending 2027. Mr. Anderson seconded the motion. All voted in favor.

Mr. Houghton motioned to appoint Mark Connors, Director of Planning and Community Development, to serve as Stratham's rep to the Transportation Advisory Committee of Rockingham Metropolitan Planning Organization with Susan Connors, Planning Project Assistant, to serve as Alternate. Mr. Anderson seconded the motion. All voted in favor.

At 8:51 pm Mr. Houghton motioned to go into a non-public session in accordance with RSA 91-A:3, (a) Personnel. Ms. Knab seconded the motion. Roll call: Houghton-yes; Knab-yes; Anderson-yes

At 9:30 pm Mr. Houghton motioned to come out of the non-public session and seal the minutes. Ms. Knab seconded the motion. All voted in favor.

Mr. Moore reminded the Board to sign the paperwork.

At 9:32 pm Ms. Knab motioned to adjourn. Mr. Anderson seconded the motion. All voted in favor.

Respectfully submitted,

Karen Richard Recording Secretary

MINUTES OF THE MARCH 11, 2024 SELECT BOARD MEETING

MEMBERS PRESENT: Board Members Chair Mike Houghton, Vice Chair Allison Knab; Joe Anderson

At 4:00 pm Mr. Houghton motioned to open the Select Board meeting and go into a non-public session in accordance with RSA 91-A3, II (a). Mr. Anderson seconded the motion. Roll call: Houghton-yes; Knab-yes; Anderson-yes.

The public session reconvened at 6:00 p.m.

At 6:00 p.m. Mr. Anderson moved to a seal the minutes noting that failure to do so would render a proposed action ineffective. Roll call: Houghton-yes; Knab-yes; Anderson-yes.

The Select Board Chair Adjourned the meeting at 6:00 p.m.

TOWN OF STRATHAM

DEPARTMENT OF PUBLIC WORKS

SELECT BOARD MEETING – Monday, March 18th, 2024 PROPOSED AGENDA

ACCOMPLISHMENTS

- NEW HIRES
- PLOWING
- OPEN HOUSE: Possibly May 22, 5:00 PM to 7:00 PM
- SNOWPLOW NAMING CONTEST 3-20 SMS

PARKS

- SMYK PARK BRIDGE AND LANDSCAPING
- JACK RABBITT LANE DIRT PARKING LOT REGRADING
- BRUSH CUTTING
- PLAYGROUND DRAINAGE
- STEVENS PARK DUG OUTS
- GAGA PITS
- MULCH AND PLYGROUND BARK

<u>HIGHWAY</u>

- MARIN WAY-meet w state 3/19
- DITCHING
- STORM DRAINS/CATCH BASIN CLEANING
- SPREADER HANGER- Review plans and RFP

<u>MS4</u>

- TRANSFER STATION MAPPING STORM WATER PLAN-Inspection completed.
- OUTFALL INSPECTION-Completed
- CATCH BASIN CLEAN OUT
- SWEEPING

BUILDINGS

- FIRE DEPARTMENT ROOF-Approved and being scheduled.
- DPW ROOF-Drafting RFP
- DPW WINDOWS-March 18th
- HISTORICAL BUILDING EXTERIOR CLEANING-Ordered approved product

CAPITAL IMPROVEMENT PLAN

- PROPOSED UPDATE TO VEHICLE REPLACEMENTS AND SCHEDULE
- EQUIPMENT INVENTORY
- SUMMER PAVING
- FIRE DEPARTMENT PAVING
- BASKETBALL COURT PAVING

CEMETARY

- TREE/BRUSH
- FLAGS-Purchased and in hand

STRATHAM HISTORICAL SOCIETY, INC.

P.O.Box 39 STRATHAM, N.H. 03885-0039 603-778-0434

David Moore Town Administrator Stratham, New Hampshire Monday, March 11, 2024

Good day David,

I am writing on behalf of the Stratham Historical Society with respect to Phase 2 of our three-year restoration and preservation plan for the town-owned building we occupy. We are awaiting a calendar of work from Drew Bedard of Stratham Hall & Parlor Historic Preservation. Dave Canada and I have been encouraging a spring kickoff. Work is definitely expected to be completed during 2024.

Attached, please find Drew's most recent budget all of the areas to be addressed this year. We have asked him to supply a Target estimate for each area of 2024 focus, along with a "Do not Exceed" figure and a 10% Contingency in order that we may adequately plan for this capital expense without having to go back to the well too many times when, in the process of work, unanticipated needs are uncovered as we experienced last year. You'll see that the Target estimate for 2024 totals \$24,970. If you were to total out the "Do not Exceed" column without any further Contingency we would be looking at \$27,760. Adding extra caution by considering a 10% Contingency on top of the "Do not Exceed" column, the number would shimmy up to \$30,426.

The Statham Historical Society is aware of Attorney Cordell A. Johnson's letter of August 9, 2024 with respect to the Stratham Historical Society building wherein he guides that the Town of Stratham under the leadership of its Select Board has full charge lease and to facilitate "the care, maintenance and protection by the Town along with other Town property". We have also considered diminishing contributions from the Wiggin Memorial Library Trustees that are no longer to be relied upon, the absence of continuing support from the New Hampshire Preservation Alliance and The 1772 Foundation, and the obligation felt by SHS and begun last year with the work completed in Phase 1 during 2023 by Hall & Parlor Historic Preservation. The workmanship of Drew and his subs last year was excellent. When we easily could have gone astray, Drew held our historic feet to the fire and assured that we maintained historic accuracy and historic code.

As you know, in the 34 years SHS has occupied the building, there has not been any major capital call. The current three-year project is a most unusual event needed to preserve a landmark that is often seen as the face of Stratham. While we are not suggesting a long-term commitment to capital expense apportionment, we are at a particular time in our fundraising results where if the Town of Stratham can agree to absorb half of the absolute maximum for this year (\$30,426) and next, if necessary, SHS is in a position to fund the remaining 50%. Please note that the earlier estimated Phase 3 budget was less than \$2,000 for interior work. Specific line items within the three-year game plan have been moved around at the urging of the New Hampshire Preservation Alliance. I would be surprised if the fluid items in Phase 3 for 2025 exceeded \$5,000. We anxiously await guidance of the Select Board.

Respectfully,

Skip Stearns, Finance Chair

Drew,

I have no problem with you doing these upgrades as noted. Please keep us informed of your progress, Selectboard approval and Building Dept permits will be required as well.

We look forward to working with you as you make these needed upgrades. We are always looking for Community members to step up and look to the future of Stratham Hill Park!

Subject: SHP Baseball Repair Request

Hello Greg & Dan,

I wanted to reach out to follow up on a conversation I just had with Greg regarding two specific repairs the baseball program is wishing to complete prior to the season starting. Below are the two requests:

-Install / repair the batting cage at the lower field. The new cage would have two nets to better accommodate the program needs. Location would be where it is currently situated. I would like to build the structure out of 4x4 PT posts. Much care will be taken to not damage any irrigation. No town funding is being requested for this repair project. Ideally I would pull power from the snack shack to be able to plug in our pitching machine.

-Repair the current snack shack in the hopes to improve the use and keep mice out. The footprint would not change. I would like to install slider windows for ordering, remove the side door, and add a double door on the back of the shack facing the field so the game can be watched when working the snack shack. I would desire to reside the exterior, though will work with the commission on materials and colors to keep it looking the same. My goal is to make necessary repairs so it will be good for the next 20 years. No town funding is being requested.

Please let me know if you would like to meet or meet at the park to review in more detail. I appreciate your consideration and all your efforts the two of you do to preserve the special place SHP is.

Thanks Drew Hi David –

I am not familiar with Mr. Hopping but the letter writers make a compelling case for this dedication in his honor at Stevens Park. I am supportive of their effort, unless some kind of unforeseen negative input arises at the Public Hearing. Last night I shared this nomination with the rest of the Heritage Commission, and they concurred.

Thank you for reaching out –

Nate

Subject: John Hopping - Dug Out Naming Proposal

Dear All,

At its regular meeting on February 5, 2024, the Select Board voted to proceed to a public hearing of the attached proposal in accordance with the Select Board's policy of naming facilities. Part of that policy, reiterated by request of the Select Board, was to circulate this naming proposal to Boards and Commissions that may have an interest in the proposal.

A public hearing on this item is tentatively set for March 4th. The earliest however that the Select Board could vote on it in accordance with their policy is March 18th. I know the Board would value your input on this proposal as well as your forwarding it to any potentially interested parties.

Thank you for your consideration. Should you wish to submit any comments please send them to Karen Richard with a cc to me and Seth Hickey. Karen, will ensure they are made part of the public hearing materials.

Cc: Margaret Byrnes <mbyrnes@nhmunicipal.org>; NHMA Government Affairs
<governmentaffairs@nhmunicipal.org>
Subject: Finance & Revenue NHMA Policy Committee

Dear local official:

Thank you for volunteering to serve on an NHMA legislative policy committee! This process would not be possible without local officials like you stepping up to share your knowledge and expertise—and ensure that the voice of local government is always part of the legislative process.

You have been assigned to the **Finance & Revenue Committee**. Your chair is Beth Fox and your vice chair is Cheryl Lindner. In most cases, we were able to assign volunteers to their first choice committee; but some will serve on their second choice as we tried to ensure relatively equal representation on all three committees.

April 5 is Organization Day! All committee members must attend. The day will begin at 9:00 am with a joint meeting of all committees, and then committees will split off to set their intended meeting schedule. A separate calendar invite will be sent.

Necessary materials will be sent to the committee members about one week before April 5.

Margaret

Margaret M.L. Byrnes Executive Director <u>NH Municipal Association</u> 25 Triangle Park Drive Concord, NH 03301 Tel: (603) 224-7447 Email: <u>mbyrnes@nhmunicipal.org</u>

As lawmakers eye statewide housing solutions, local control remains a barrier

By: Ethan DeWitt - March 13, 2024 5:00 am

This year, a number of bills would override certain town and city zoning codes, with an aim to expand housing construction by skirting local barriers. (Getty Images)

This article was updated on March 13 at 1:12 p.m. to correct Rep. Len Turcotte's hometown.

The goal behind the bill is bold: Allow any property owner to build residential housing units in a commercial zone - whether the zone allows for it already or not.

Proponents of the legislation, <u>House Bill 1053</u>, argue it is a way to fast-track the creation of "mixed-use" housing in New Hampshire, allowing developers to increase the number of housing units in the state by opening new areas.

"We need to loosen zoning restrictions to make it easier to build new housing or to allow people to occupy existing structures," said Rep. Eric Gallagher, a Concord Democrat, speaking to his fellow members of the House Municipal and County Affairs Committee Monday. "If you've got a business leaving, fine. That's just more room for housing. We need housing more than we need businesses right now."

But critics rooted their opposition in a handful of words that would give property owners much more power over cities and towns: "as a matter of right."

"Any time I see a bill that says 'as a matter of right,' that compels top-down zoning, I'm against," said Rep. Len Turcotte, a Barrington Republican and chairman of the committee. "It's just something I'm not willing to do."

The exchange underscored a tension at the heart of New Hampshire's push for more housing: How much should towns and cities get a say?

This year, a number of bills would override certain town and city zoning codes, with an aim to expand housing construction by skirting local barriers. Housing advocates say that approach is the only one to address what has become an entrenched problem. Others see a move to undermine local control. And they argue that any growth in housing in New Hampshire should happen with town officials' direct approval.

HB 1053 will likely not survive: Last week, the committee recommended, 15-2, the bill be killed, and the full House will take up that vote in the next few weeks. But there are other bills that attempt to give homeowners and developers similar rights.

House Bill 1400 would prohibit city and town zoning and planning committees from requiring more than one parking space per unit. Some towns require higher numbers, which advocates say can discourage development.

House Bill 1361 would require municipalities to provide "reasonable and realistic" opportunities for new manufactured housing parks and would block zoning codes that effectively bar housing parks in those towns.

Lawmakers are also entertaining <u>House Bill 1281</u>, which would prevent cities and towns from requiring that tenants be family members in order to live together. The bill would block any ordinance that prohibits unmarried cohabitants, such as roommates, and would strike down any zoning code that restricts rental occupants to one per bedroom.

And the House is considering a bill that would expand the number of accessory dwelling units that property owners would be allowed to build by right. That bill, <u>House Bill 1291</u>, is considered by some housing advocates as the best chance for broad zoning reform this year, but some have opposed it as unwarranted state intrusion.

To those looking to spur housing development, the bills address what has been seen by advocates and researchers as a key problem in New Hampshire: tight local zoning codes that prevent the homes that are necessary to meet the state's high demand. The state's rental vacancy rate has hovered below 1 percent for years – far below the 5 percent target set by housing researchers. And new homes for sale are scarce and expensive, with the median house still priced at \$475,000, according to the New Hampshire Association of Realtors.

"By allowing homeowners to build either an attached or detached ADU on their property, and removing burdensome regulations, we can diversify our housing supply with more affordable housing options tailored to individuals at different stages of life," testified Matthew Mooshian, advocacy and engagement director for 603 Forward, a progressive advocacy group.

Still, some local planning officials have pushed back. In testimony, Timothy Harned, the former chairman of the North Hampton Planning Board, argued that allowing additional ADUs "by right" could lead to overcrowding and a burden on municipal septic systems.

Glenn Horner, chairman of the Epsom Zoning Board of Adjustment, agreed.

"The proposed allowance for two ADUs per lot would then triple the number of potential residences in town, and with the inclusion of incentives for workforce housing, creates a scenario of overwhelming the town's ability to assimilate these new residents and their needs," he argued.

The New Hampshire Municipal Association, which represents town and city select boards, also opposes the top-down approach. In testimony to the House, Natch Greyes, the association's government affairs counsel, called it an "unnecessary intrusion on local control."

In an interview, Greyes argued that some cities and towns are already taking advantage of the existing environment to change their zoning codes to allow more housing. Keene, Enfield, Manchester, and Newmarket have all taken steps recently to increase the number of accessory dwelling units, Greyes noted.

"All of these large developments have really gone in a very similar path where they have really innovative proposals, and they usually don't fit entirely within local zoning, but they get buy-in from the community," he said.

Lawmakers are also advancing bills that would give towns more tools to expand workforce housing in their zoning codes – a strategy that empowers them, rather than overrides them. <u>Senate Bill 538</u>, known as the "HOMEnibus," includes a number of those tools, including new tax incentives towns could choose to offer developers to convert commercial space to residential space, and the creation of "inclusionary zoning districts" that towns could deploy to mandate affordable housing construction.

But advocates say the state's deficit of units is simply too large to be solved by towns alone.

"I don't think it's going to be enough," said Elissa Margolin, director of Housing Action NH, a coalition advocacy group. "We need a variety of tools. This is a very severe crisis."

about:blank

about:blank

"If we only do a town-by-town approach, we're going to end up with a really uneven landscape," Margolin added. "So it's OK to make sure that we're putting policy out there that provides different kinds of tools."

LAMPREY REGIONAL COOPERATIVE BOARD OF DIRECTORS MEETING THURSDAY, MARCH 9, 2023 AT 2:00 PM LEE PUBLIC SAFETY COMPLEX 20 GEORGE BENNETT ROAD LEE, NH 03861

The meeting was called to order at 2:04 PM by the Chair, Paul Deschaine, who represents the town of Stratham. Introductions were made by the attendees, including Denis Messier from Somersworth, Steve Fournier from Newmarket, Walter Johnson from Northwood, Dennis Koch from Epping, Erin Paradis from Barrington, Ed Walsh from Rollinsford, Scott Bugbee from Lee, and Martha Roy from Newington.

After introductions were made, the Chair moved on to the consideration of the minutes from the last meeting on January 12th, 2023. Steve Fournier made a motion to accept the minutes and Denis Messier seconded the motion. Steve Fournier pointed out that there were some scrivener's errors in the minutes but did not think a motion to amend was necessary. Dennis Koch pointed out that Epping was misspelled as "Effing" on the first page. The Chair called for a vote and the minutes were approved with all in favor.

The Chair reported on the public hearing that took place on January 31st, 2023, at 1:00 PM to hear comments on the operating enclosure budget. No one was present at the hearing and the minutes were submitted for the record. The 2023 financial reports were not available as they are done on a quarterly basis. The Chair moved on to the adoption of the proposed budget, which was the same as the one presented in January. The budget combines both the operating and closure funds into one operating budget. The landfill expenses were color-coded in green, and all other expenses were in yellow. The assessments were based on the percentage of material brought to the landfill over its life for the green expenses and a 1/12th distribution of expenses for operational costs for the yellow expenses. Steve Fournier made a motion to adopt the proposed consolidated operating budget for fiscal year 2023 and Walter Johnson seconded the motion. The motion was approved unanimously.

The next item on the agenda was the adoption of the contract extension with Waste Management for disposal services. The Chair apologized for having to get this at the last minute and explained that last-minute revisions came from Waste Management. The executive committee looked over the revisions along with samples and this was the result. A lot of what changed from the draft consisted of language added by counsel to ensure that the amounts shown on page three were fixed and would not change, with one exception being if state or federal law changed and added a new fee or charge to their operations.

Waste Management approached the executive committee last year about having an adjustment to their contract due to an increase in community host fees in Rochester and inflationary impacts. They wanted to see if they could pass these costs along through their contract.

The Chair explained that the contract with Waste Management did not have provisions for CPI or inflation and the executive committee had told Waste Management that it was not on the table. However, they were interested in a contract extension and negotiations began. The new rates per amendment two would become effective on June 1st if adopted. The rates were slightly higher than the contractual amount under amendment one but were still lower than market rates. The Chair had a tough time swallowing the \$127 per ton rate in 2033 but

LAMPREY REGIONAL COOPERATIVE BOARD OF DIRECTORS MEETING THURSDAY, MARCH 9, 2023 AT 2:00 PM

explained that it was due to the end of Waste Management's permit. The Chair entertained comments, questions, or thoughts before entertaining a motion to approve or disapprove the contract extension.

Denis Messier from Somersworth commented that their solid waste and recycling also went to Waste Management and their rates had gone up as well. The Chair acknowledged that there were inflationary and labor costs as well as regulatory schemes that were getting more difficult. Denis Messier also commented on the difficulty of dealing with sludge and PFAS and how Dover had to break off negotiations with Waste Management for sludge disposal.

The Chair pointed out that there was a deadline of June 1st for each member town to sign exhibit one. Each director representing their town would need to go back to their respective governing board or authority to sign the exhibit before June 1st. If this did not happen, the community would be out and would have to pay the gate rate for a while. There was a provision to opt back in, but there could be pushback. Denis Messier from Somersworth asked for clarification on whether their cost was just for closure of the landfill and if they still needed their city council to sign exhibit one. The Chair explained that if they wanted accessibility to the contract, their city would have to join by signing the joiner.

Steve Fournier made a motion to approve contract amendment number two with Waste Management for solid waste disposal services as presented and Denis Messier seconded the motion. The motion was approved.

Walter Johnson from Northwood asked if there was a threshold of communities that had to sign the contract. The Chair and Steve Fournier did not believe there was a threshold and technically, Lee could be the only member of the Lamprey cooperative if no one else signed. The hope and desire was that everyone or at least the vast majority would sign.

Steve Fournier made a motion to nominate Paul Deschaine from Stratham as Chair and Walter Johnson seconded the motion. The motion was approved unanimously. Steve Fournier also made a motion to nominate Scott Bugbee as Vice Chair and the motion was seconded and approved unanimously.

Scott Bugbee nominated Steve Fournier for Secretary and Denis Messier seconded the nomination. Steve Fournier mentioned that he may not be around as much due to running for Vice President of their National Association. The motion to close nominations and have the secretary cast one vote for the slate was approved unanimously.

Martha Roy made a motion to adjourn the meeting and Steve Fournier seconded the motion. The motion was approved unanimously, and the meeting was adjourned.

LAMPREY REGIONAL COOPERATIVE BOARD OF DIRECTORS MEETING

THURSDAY, FEBRUARY 27, 2024 AT 3:00 PM

LEE PUBLIC SAFETY COMPLEX 20 GEORGE BENNETT ROAD LEE, NH 03861

- I. Open Meeting
- II. Roll Call/Introductions
- III. Minutes of the March 9, 2023 Meeting
- IV. Chairman's Report
 - a. Landfill Maintenance Progress Report
- V. FY 2023 Financial Reports
 - a. Operating Fund Report
 - b. 2021 & 2022 Audits
- VI. Proposed Budget for FY 2024
 - a. Preliminary adoption of 2024 Operating Budget
 - b. Setting Public Hearing Date
 - c. Setting Final Budget Adoption Date
- VII. Cooperative Officers for the Year
- VIII. Any Other Business and/or Questions
 - IX. Adjournment

RE: 2023 Progress Report and Proposed 2024 Budget Lamprey Regional Cooperative Ash/Sludge Landfill, Somersworth, NH CMA #1198

Dear Paul:

As requested, this letter presents a summary of work completed in 2023 and a budget and schedule for work to be completed for 2024 at the Cooperative's closed landfill in Somersworth. Per your request, we have collaborated with Don Moore of Stantec to include their 2023 work summary and budget for work for 2024. CMA Engineer's scope-of-work is a continuation of our Engineering Services Agreement with the Cooperative dated September 4, 2020. Stantec's work is under their existing agreements with the Cooperative.

2023 Work Summary

Below is a summary of work completed at the landfill in 2023.

Post Closure Inspections and Reporting

CMA Engineers completed the required semi-annual NHDES-Waste Management Division Post-Closure inspections of the landfill on April 4, 2023 and September 14, 2023. The inspections consist of a site walk of the entire landfill and include a review of:

- General site conditions including the condition of the landfill cap
- Fencing and site security
- Stormwater collection systems including swales, should be free from debris
- Growth of woody vegetation which can damage the capping system
- Differential settlement
- Evidence of animal burrowing
- Damaged or distressed vegetation
- Landfill gas management
- Leachate collection system
- Condition of access roads
- General site erosion
- Action item updates from prior reports

1198-Lamprey-DL-231112-2024 Budget-AJS.docx

- Condition of landfill gas vents and groundwater monitoring wells
- Evidence of vandalism

During these inspections, we also include a review of the landfill's leachate infrastructure including the valve vaults, manholes, valve building, and metering structure.

Overall, the landfill cap is in good condition, however there are two landfill gas vents that are in need of repair (VP-3 and VP-4). Minor woody vegetation around several of the vent pipes and stormwater swales should also be removed. No differential settlement or erosion concerns are noted.

We note that several of the landfill's vaults and manholes continue to accumulate water after being lined with concrete grout in 2022. CMA Engineers is proposing to further investigate what we understand to be surface water intrusion into the structures as part of the 2024 Scope-of-Work.

We also completed the 2022 Annual Post Closure Report, which includes submittal of the required form (NHDES-S-05-057) which summarizes the inspections and includes photographs, a site plan, and water quality summary tables. The report was submitted to NHDES-Waste Management Division on March 27, 2023.

Water Quality Monitoring and Reporting

Stantec will be completing the annual water quality monitoring round in December 2023. The NHDESissued Groundwater Release Detection Permit (GWP-198405054-S-009) includes 12 groundwater monitoring wells which are tested annually for specific conductance, pH, turbidity, chloride, nitrate, TKN, iron, and manganese. Results of the annual testing are submitted to NHDES within 45 days per Condition 7 of the permit. Summaries of water quality monitoring are required in January of even-numbered years. The next summary is due in January 2024.

Industrial Discharge Permit Monitoring and Reporting

Leachate discharge to the City of Somersworth Wastewater Treatment Facility is regulated by the Cooperative's Industrial Discharge Permit (#C30421) with the City. CMA Engineers worked with the City to develop a long-term flow monitoring approach that does not rely on a meter. As of July 26, 2023, the Cooperative will be billed based on an assumed quarterly leachate flow of 42,000 gallons, which is the average metered flow over the prior two years (35,000 gallons) multiplied by a factor of 1.2, which is the City's required factor in the absence of a meter. For the first two quarters of 2023, an ultrasonic meter, provided by Flow Assessment of Auburn, NH was used to meter flow and the landfills flow measurement flume at a quarterly cost of \$2,400.

The permit requires quarterly testing of pH and annual testing of TSS, nitrogen, sulfates, and four PFAS compounds. Confirmatory quarterly flow measurements are taken during these sampling events by bucket methods and documented. The quarterly testing is completed by Stantec. The permit is set to expire on September 30, 2024.

CMA Engineers completed the first two quarterly reports for 2023, which included review of the flow data from the meter. Stantec has completed the required quarterly IDP reporting after the meters were removed and will continue to complete and submit the reports moving forward.

Operating Manual

CMA Engineers submitted a draft of the landfill Operations and Maintenance Manual to the Cooperative on August 9th, and we understand that the plan is currently under review by the Cooperative's executive committee. The Operating Manual was prepared to detail operating, maintenance, inspection, and reporting requirements for the landfill.

Remaining Work in 2023

CMA Engineers has completed its scope for 2023. Stantec will complete the November water quality monitoring round and submit the results to NHDES within 45 days of the sampling event. Concurrent with the water quality testing, Stantec will also complete the required quarterly leachate testing in compliance with the IDP. The Q4 testing includes the annual monitoring requirements described above. Stantec will submit the Q4 report after receiving the leachate test results.

2023 Work Remaining Summary (Stantec)

November WQ Monitoring Round (Sampling and Data Submittal)	\$4,520
IDP Sampling and Q4 Report	\$620
TOTAL	\$5,140

2024 Work Tasks and Budget

2023 Annual Post Closure Report (CMA Engineers)

CMA Engineers will complete the 2023 Annual Post Closure Report, which includes submittal of the required form (NHDES-S-05-057) which summarizes the 2023 inspections and includes photographs, a site plan, and water quality summary tables. The report is required to be submitted to NHDES by March 31, 2024.

Semi-Annual Inspections and Reporting (CMA Engineers)

CMA Engineers will complete the required NHDES Post Closure inspections in the spring and fall of 2024 and will submit the inspection reports to DES within 30 days of the inspection. We will also complete the Leachate Component Inspection form, provided as Appendix F of the Operating Manual, to document the condition of the facility leachate infrastructure and operation and to make recommendations for repair and maintenance as appropriate.

Operating Manual Finalization (CMA Engineers)

Upon receipt of final comments from the Cooperative, CMA Engineers will finalize the landfill's Operating Manual.

Leachate Structure Surface Water Intrusion Investigation (CMA Engineers)

CMA Engineers will continue investigation work to identify the cause of presumed surface water intrusion to the leachate vaults and manholes. The lower portions of the structures were sealed with concrete grout in March 2022 by Vortex Services (Vortex), however the structures continue to accumulate

stormwater. We note that the quality of liquid in the structures has been tested and is not characteristic of landfill leachate.

CMA Engineers proposes a scope of work to determine if surface water intrusion is occurring through the vault hatches and manhole covers. The proposed scope-of-work consists of the following tasks:

- Pump both vaults and three of the manholes work to be completed by Vortex under agreement with CMA Engineers.
 - Vortex to discharge pumped liquid to leachate collection system, likely one of the 15,000-gallon leachate storage tanks
 - Other manholes to remain as control structures
- Measure and record final water level in all structures (assume water can be pumped to ground)
- Install rigid insulation inside of the mortar water diversion berm on top of one of the vault structures to the extent of the berm width, length, and height.
- Install plastic sheeting over the insulation and weight down outside of the diversion berm for a
 period of six months. The insulation is to provide a raised area so all water will sheet off of the
 manway on the vault.
- Install plastic over one of the pumped manholes and bury plastic edges in surrounding soil for a period of six months.
- Compare water level in the pumped and protected structures to the pumped and unprotected structures to confirm or eliminate the openings of the structures as the source of inflow.
- Analyze results and determine future actions.

Repair of Broken Gas Vent Pipes

The two broken gas vent pipes should be repaired in 2024. The work involves repairing and resetting the damaged PVS sections. This work could be completed by City DPW or WWTF staff. We expect the repairs can be completed for less than \$2,000.

2024 Biennial Water Quality Summary (Stantec)

Stantec will prepare and submit the 2024 Biennial Water Quality Summary in January 2024. The report will summarize test results from the November 2022 and 2023 monitoring rounds and include a tabular summary of monitoring results to date, an assessment of trends in the data, a groundwater contour map utilizing the most recent groundwater elevation data, an evaluation of the performance of the release detection program, and any recommendations for modification to the permit.

2024 Annual Water Quality Testing, November (Stantec)

Stantec will compete the November 2024 water quality monitoring round and submit the data to NHDES within 45 days of the testing.

IDP Monitoring and Reporting (Stantec)

Stantec will complete the quarterly testing and reporting in compliance with the Cooperative's IDP. The permit requires quarterly testing of pH and annual testing of pH, TSS, nitrogen, sulfates, and four PFAS compounds. Quarterly flow measurements are taken during these sampling events by bucket methods and documented.

Project Management (CMA Engineers)

CMA Engineers budgeting up to ten (10) hours for meetings/conference calls and coordination with Cooperative, City, NHDES, and other project professionals as project requirements dictate. Project Management time is billed at \$180/hour on average.

2024 Budget Summary

The Table below summarizes our proposed scope-of-work to be completed in calendar year 2024:

2023 Annual Post Closure Report (CMA), March 2024	\$1,600
Semi-Annual Inspections and Reporting (CMA)	\$4,800
Operating Manual Finalization (CMA)	\$1,800
Leachate Structure Surface Water Investigation (CMA)	\$6,000
Repair of Broken Gas Vent Pipes	\$2,000
2024 Biennial Water Quality Summary, January (Stantec)	\$1,400
2024 Annual Water Quality Round, November (Stantec)	\$4,700
IDP Monitoring and Reporting (Stantec)	\$2,200
Project Management (CMA)	\$1,800
TOTAL	\$26,300

The scope-of-work presented in this update represents our current understanding of tasks to be completed through 2024. Additional scope and tasks may be added as needed upon request. If you have any additional questions or require additional information, please do not hesitate to contact us.

Very truly yours,

CMA ENGINEERS, INC

MEMORANDUM

TO: Mike Houghton, Allison Knab, Joe Anderson

FROM: Karen Richard

DATE: March 11, 2024

RE: Port City Amateur Radio Club

Bill Clapp of the Port City Amateur Radio Club is requesting use of the top of the hill at Stratham Hill Park for Friday night, June 21 through Sunday, June 23. They have done this for many years and promise to take good care of the park and leave it in the condition they find it.

Thank you for your consideration.

cc: Seth Hickey David Moore
