

From the desk of: **DOUG VANDENBURGH**

Date: August 2, 2018
To: Town of Stratham, Department of Public Works
Subject: Top Quality Road Crew. *Thank You!*

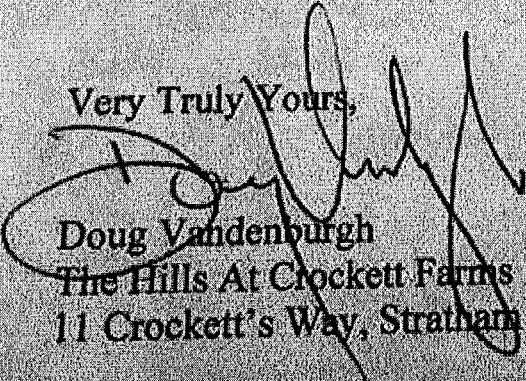

To Whom It May Concern;

I recognize that all too often many of us are quick to criticize or complain about issues that affect our daily lives but rarely do we take time to complement or mention all the good that goes on due to people's extra efforts, hard work and dedication in their jobs. So, I just could not pass up this opportunity as I have observed and talked with your crew that has been working at The Hills At Crockett Farms... Specifically on Tansy Ave, Barons Way and Crockett's way.

I introduced myself to Colin, Alan and Chuck yesterday to say how much all of the neighbors have appreciated their daily on time arrivals, their full days of work, their cleanliness, their quick work, what appears to be quality work, their communication both in person and via signs and their organization of their equipment at the end of each day. Pretty awesome group!

So, we would like you to also thank them for us and a thanks to you folks for assigning them to this project. Please make sure you provide an extra pat on the back and encouragement for the excellence in their daily tasks. Great Group!!!

Very Truly Yours,

Doug Vandenburg
The Hills At Crockett Farms
11 Crockett's Way, Stratham

PS. I bumped into Colin at 5:45 AM this morning as he was circulating to all the dig spots to reevalaute and prepare for the day. Wow!
