2023 Spring Recreation Soccer

The Stratham Soccer board is excited to offer a Spring soccer season again this year. This season will be significantly different from our Fall season for the 3rd/4th and 5th/6th grade divisions. Each age group will have one session of soccer that will be either 45 minutes or one hour long. This session will be split between practice (skills and drills) and scrimmage (informal games between other Stratham teams).

With all of this in mind, we are reducing the registration fee, but this fee will be non-refundable.
