TRAVEL BASKETBALL TEAMS FOR GRADES 3-6

We are excited to offer a travel program again this season. Travel teams will have limited gym space and teams will be created based on interest. This travel program is highly competitive. Tryouts will be scheduled in **December**. This program is designed for the more developed basketball players, from a skills perspective, who can commit to more games and practice times than what the traditional rec program offers. Players can expect to practice and/or play games up to 4x per week (rec and travel combined) through April. Travel teams play a variety of teams throughout the seacoast, northern Massachusetts, and southern Maine. **Please express interest in the travel program at time of online registration** *(the # of teams will be created based off of interest)*. Teams are selected following the close of recreation registration. The season fee is estimated at \$150 and is not collected until teams are selected. **All players selected for the travel program must register and play for the recreation program as well.** Should there be a need, tryouts will be scheduled in December.

*****The travel basketball program will only happen if we have volunteers willing to coach!!!*****
