## FREQUENTLY ASKED QUESTIONS

### What is Zero-Sort® recycling?

Zero-Sort recycling is Casella's state-of-the-art process which enables paper, cardboard, plastic, glass, and metal cans to be collected together in one bin eliminating the need for you to separate recyclables.

### Can I throw trash and recyclables into my recycling bin?

**NO.** Your recycling bin is for Zero-Sort recyclables only. Items that cannot be recycled should be tossed into your trash bin.

### How should I prepare recyclables?

Recyclables must be empty and rinsed clean of food residue. Corrugated cardboard boxes should be broken down into 2' max pieces. **DO NOT** tie newspaper, cardboard or jugs with twine. Handles should be removed from pails and paper bags.

### What type of metal can I recycle in my bin?

Food and beverage cans are acceptable. **NOT ACCEPTED** items include pots, pans, aerosol cans, and scrap metal such as automotive parts, motors, and appliances or any other metal items.

### Can I put grocery bags into my Zero-Sort bin or place recyclables in plastic bags?

**NO.** Plastic bags of any kind are not accepted in Zero-Sort recycling. To recycle grocery bags, please bring them to a participating grocery or retail store.

### Why aren't paper drink cups recyclable?

Paper cups have a thin, plastic lining or waxed finish that cannot be recycled.

### Can I put construction debris in my trash container?

No. Trash containers are intended for municipal solid waste (household trash) only. For disposing of construction debris please call 800-CASELLA to discuss renting a dumpster.
