

## **SNOW PLOW TRUCK NAMING CONTEST**

The DPW Crew is holding its first annual Snow Plow Truck Naming Contest with the Stratham Memorial School. With each class having the opportunity to view the trucks as a way to spark some creativity, they are now going to have the chance to pick a name for whichever truck they'd like. All proposed names will be submitted by Friday, April 22nd and the voting will begin.

The lucky students whose truck names get picked by a selecting committee will get their names stenciled onto the truck for a whole year! The grand reveal of the new truck names will be the highlight of the Public Works Open House on Wednesday, May 22nd. The children were over the moon to see the colossal trucks, and the crew was just as thrilled to flaunt them! Trucks 9, 103, 201, 202, 203, and 204 took the spotlight as the students dashed around checking them out. Honking horns and playing driver in the front seat made for a great day full of truck-tastic fun!
