

STRATHAM'S

# TRICK OR TREATING

SAT, OCTOBER 31ST

5:00 PM TO 7:30 PM

We encourage members of our community who do not wish to participate in traditional door to door trick or treating to turn outdoor lights off as a signal you are not participating.

The Stratham Select Board has designated this year's Trick-or-treating date and time in consultation with guidance from the federal and state authorities as well as health and public safety officials serving our community.

Based on this guidance and best practices we urge Stratham residents and families to read about appropriate precautions and practices. More info can be found at the link below.

## SOME RECOMMENDATIONS BY HEALTH AGENCY OFFICIALS INCLUDE:

- wear masks to minimize the spread of Covid-19.
- wait patiently at each door if others are ahead (i.e socially distance).
- routinely sanitize commonly touched surfaces (e.g. doorbells, candy bowls, etc.).
- consider setting up a table outside to distribute the candy.
- individually prepare packages/candies, rather than provide a big bowl that trick or treaters reach into.
