

PUBLIC NOTICE

TOWN OF STRATHAM

Mosquito Control

The Mosquito Control program begins the week of April 8, 2019 in the Town of Stratham. Crews from Dragon Mosquito Control will be checking swamps, salt marshes, woodland pools, ditches, storm drains and other shallow, stagnant water for mosquito larvae. When mosquitoes are found, the following insecticides may be used:

VectoBac (Bacillus thuringiensis israelensis 2.8%)
Natular (spinosad 2.5%)
AquaBac 200G (Bacillus thuringiensis israelensis 2.86%)
Fourstar MBG (Bacillus thuringiensis israelensis 3.0% & Bacillus sphaericus 3.0%)
VectoMax FG (Bacillus thuringiensis israelensis 4.5% & Bacillus sphaericus 2.7%)
CocoBear MLO (mineral oil 10.0%)
BVA 2 Mosquito Larvicide Oil (mineral oil 97.0%)

A truck mounted sprayer will disperse Duet (sumithrin & prallethrin) or Merus 3.0 (pyrethrins) along roadways. Road spraying may begin in June and continue into October as necessary. It is not possible to predict the schedule for road spraying in advance. The spray schedule is based upon mosquito surveillance data, disease test results and weather conditions.

Control of adult mosquitoes will also be done in preparation for the Stratham Fair. If Eastern Equine Encephalitis or West Nile Virus is found in or near Stratham, then emergency spraying may be conducted using one or more of the following products:

Cross Check Plus (bifenthrin 7.9%)	Permanone (permethrin 10.0%)
Duet (sumithrin 5.0% & prallethrin 1.0%)	Merus 3.0 (pyrethrins 5.0%)

Emergency spray treatments may be conducted at the following locations:

Stratham Memorial School
Cooperative Middle School
Stevens Fields
Stratham Hill Park

It is not possible to predict if emergency spraying will be necessary. The spray schedule is based upon mosquito surveillance data, disease test results and weather conditions. Further communication will be given if emergency spraying is going to take place.

Residents who do not want their wetlands treated may use our No-Spray Registry online at www.dragonmosquito.com/no-spray-registry or write to Dragon Mosquito Control, P.O. Box 46, Stratham, NH 03885. Be sure to include your name, physical address, phone number, a description of your house and acreage. If you have wetlands on your property and you would like us to check it for mosquito activity, email us at Help@DragonMosquito.com or contact us through our website at DragonMosquito.com and request a survey through the Contact link. There is no charge for this service. Contact us for more information on spray dates, location, materials used, precautions or other concerns.
