

Stratham MASTER PLAN PUBLIC WORKSHOP

The Town is updating its Master Plan and wants to hear from you...

Why should I care about the Master Plan?

The Master Plan is our voice. It's created with citizen input. The update process is an opportunity for the community as a whole to express how we see Stratham in the future and how we can get there.

The Master Plan gives us the tools to prepare for our future. Decision makers use it as a reference and guide to develop local policies and regulations.

Build our town or it will be built for us. If we don't speak up about how we want to grow, investments will be made with little direction and will not be cohesive with each other or their surroundings.
